

Improving Access to Quality Medical Care

The practice and delivery of healthcare is changing with an emphasis on improving quality, safety, efficiency, & access to care. Telemedicine can help you achieve these goals! The Arizona Telemedicine Program and Southwest Telehealth Resource Center invite you to a **free one-hour** webinar on the implementation and practice of telemedicine.

What is the better venue for HIV Outpatient care: a Brick-and-Mortar Clinic or Telemedicine Clinic?

Wednesday, January 25, 2023 ~ 12:00 pm Arizona

Join us to hear about data from a recent study conducted on patient outcomes for HIV care. The study examined outpatient care for HIV patients in both a brick-and-mortar clinic and a telemedicine clinic and which provided better patient outcomes.

The topics for this webinar are:

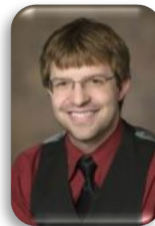

1. Learn about a recent study on the efficacy of telemedicine for chronic HIV.
2. Understand the clinic personnel and structural features of a telemedicine clinic.
3. Identify differences in medical, economic, and time-management outcomes comparing both venues.

Facilitator:

Stephen Klotz, MD
Professor, UArizona,
College of Medicine
Medical Director, Arizona
Telemedicine Program

Presenters:

Larry York, PharmD,
BCIDP, BCPS, AAHIVP
Clinical Pharmacist, Infectious
Diseases and HIV/AIDS
College of Medicine
