

Arizona Telemedicine Program (ATP) has been providing educational programs for 25 years. Our mission is to be a world-class innovator in telemedicine and telehealth services, technologies, and education programs. With the increased use across all healthcare disciplines, ATP telehealth trainers are collaborating with occupational therapists (OT) and physical therapists (PT) in creating a unique webinar series specifically for virtual OT and PT healthcare professionals. This is a **free one-hour** distance learning-interactive activity designed to teach about telehealth and how it benefits both practitioners and clients.

## Occupational and Physical Therapy Webinar Series: *Wednesday, November 30, 2022 ~ 12:00 PM MST*

The use and prevalence of telehealth are of great interest within the practice of physical therapy. The extent to which the PT Compact influences the growth of and opportunity for telehealth across state borders may have a significant impact on consumer access. Gathering and understanding compact privilege holders' opinions on telehealth and how they are using it may provide insight into the future of telehealth within physical therapy. This session will explore the findings from the FSBPT online survey of more than 300 PT clinicians with active compact privileges in 2022.

**Educational Level:** Introductory

### Learning Outcomes:

1. Identify how the PT Compact facilitates physical therapy telehealth across jurisdictional lines.
2. Identify physical therapy telehealth trends during the pre-pandemic phase, height of the pandemic phase, and the resolving-pandemic phase.
3. Identify barriers physical therapy clinicians faced when providing telehealth and perceived barriers of patients/clients.

### Conflict of Interest Disclosure Statement:

All Faculty, and Professional Development Planning Committee Members have disclosed that they do not have any relevant financial relationships with commercial interests that could constitute a conflict of interest concerning this educational activity.

### Presenters:

**Richard Woolf, PT, DPT**  
Chief Professional Officer  
Federation of State Boards of Physical Therapy

**Alan C. Lee, PT, PhD, DPT**  
Professor  
Mount Saint Mary's University

**Jeffrey M. Rosa**  
PT Compact Administrator  
Managing Director of Post Licensure Services  
Federation of State Boards of Physical Therapy

This program has been approved for 1.0 CEU credits by the APTA Arizona.

To request APTA Arizona CEU, learners will need to complete electronic evaluation and credit request form after event. Virtual platform records learner log-in/out

### Professional Development Activity Provider Contact:

Melanie Esher-Blair, MAdm  
Arizona Telemedicine Program/Southwest Telehealth Resource Center
