JOIN US FOR A BIOSTATISTICS WORKSHOP!

Intermediate Qualtrics: Summarizing & Presenting Your Data

Thursday, October 22, 2020
12:00pm – 1:30pm

qualtrics

Take your Qualtrics skills to the next level!

In this hands-on workshop you will learn more specific features of Qualtrics such as how to recode and index survey responses, generate test data, and how to effectively use email triggers. You will work with the difference resources on the “back-end” of Qualtrics for effective data summarization and presentation.

*Please Note: A UA Net ID is required for Qualtrics Access*

Presented by Janet Foote, PhD
Assistant Professor, Public Health
Epidemiology and Biostatistics

Workshop to be held via Zoom.

Register in advance for this meeting. After registering, you will receive a confirmation email containing information about joining the meeting.

If you have questions, please email COMPHX-ResearchOffice@arizona.edu
