Amber Shada, MD, FACS, is a UW Health general surgeon who specializes in minimally invasive surgery. She also serves as an associate professor at the University of Wisconsin School of Medicine and Public Health in the Department of Surgery.

Dr. Shada is fellowship trained in Advanced Endoscopic and Laparoscopic Gastrointestinal Surgery, and is board certified in General Surgery. She specializes in minimally invasive techniques for esophageal and gastric disorders, abdominal wall hernias, gallbladder disorders, and other issues involving the digestive system. She also has special expertise in advanced endoscopic surgery.

Dr. Shada’s research interests focus on endoscopic device development, clinical trials in esophageal, foregut and general surgery, and clinical outcomes in esophageal and foregut surgery.

During her free time, Dr. Shada enjoys exercise, weightlifting, horseback riding and spending time with family.

CME CREDIT PROVIDED BY

OVERALL SERIES

OBJECTIVES:

- 1.) Incorporate into practice intraoperative teaching and feedback to improve operative performance.
- 2.) Incorporate cutting-edge surgical techniques and patient management strategies.
- 3.) Incorporate into practice results from recent randomized-controlled trials/studies.
- 4.) Communicate operative knowledge effectively to peers.
