

17th ANNUAL BIO5 | BIOSA STUDENT INDUSTRY NETWORKING EVENT

FEBRUARY 11, 2025 | 1-6 P.M.
FREE EVENT

Representatives from Arizona biotech companies want to meet YOU

Meet representatives from life science, biomedical, and biotech companies to find out how to prepare for a career outside of academia and maybe even score an internship or a position right there.

SINE 2025 will run from **1-6 p.m.**, in three consecutive sessions: a career resources session (1-2 p.m.) a panel on current hiring trends in the life science industry (2:30-3:30 p.m.); and finally, the heart of SINE, the Student Industry Networking session (4-6 p.m.).

The first two sessions will be virtual, the networking event in person. Join us for any or for all!
