

BIO5 INSPIRING WOMEN IN STEM

Hybrid

BIO5
Institute

Saturday, July 12, 2025

11 a.m. - 1 p.m.

Keating, Room 103 | Zoom

1657 E Helen St, Tucson, AZ 85721

An interactive panel of inspiring women from cross-disciplinary STEM fields will share their unique journeys. The panelists will be representative of different career stages to offer the broadest perspective possible. Following the panel discussion there will be a one-on-one networking session with panelists providing attendees with an opportunity to gain further insight. This event is open to all and is designed to inspire women in their pursuit of a STEM education and/or career.
