

LUNCH & LEARN

INVITATION

BIOPRESERVATION BEST PRACTICES

Join the **BioLife Solutions** team on **Friday, October 4** for an invite-only **Lunch and Learn** panel session on **media challenges and ways to optimize your bioproduction process.**

We will discuss thawing considerations, particulate risk management, the role biopreservation media plays in improving cell viability and more.

BioLife Solutions has been championing Biopreservation Best Practices since 2002. All Lunch and Learn attendees will receive a **free copy of our cryopreservation best practices informational poster**, as well as a **coupon to request a free 10mL sample vial of CryoStor[®] CS10**. Learn more about CryoStor freeze media [here](#).

You're invited

11:00am - 1:00pm PST
Friday, October 4, 2024

**BIO5 Institute: Thomas W. Keating
Bioresearch Building Room 103,
University of Arizona**
