

Medicine Grand Rounds

"The many faces of asthma: from early origins to primary prevention and targeted therapies"

Speaker: Fernando Martinez, MD

UArizona College of Medicine – Tucson Lecture Hall, Room 5403 1501 N. Campbell Ave., Tucson, AZ 85721 Noon – 1:00 pm | Wednesday, Nov 5, 2025

-A light lunch will be provided. -

About the Presenter: Dr. Fernando Martinez is a Regents Professor and the Swift-McNear Professor of Pediatrics at the University of Arizona, where he also serves as director of the Asthma and Airway Disease Research Center. An internationally recognized expert in pediatric pulmonology, his research focuses on the natural history of childhood asthma and the genetic, immunologic, physiological, and environmental factors influencing asthma risk in early life. Dr. Martinez earned his medical degrees from the University of Chile in Santiago and the University of Rome, Italy, where he also completed his pediatric residency with a specialization in pediatric pulmonology. He is a member of both the National Scientific Council on the Developing Child and the Board of Scientific Counselors of the National Institute of Allergy and Infectious Diseases.
