Wednesday, February 28, 2024

8:00 AM – 9:00 AM

College of Medicine Tucson, Room 5403

Stream Live:

<https://streaming.biocom.arizona.edu/streaming/30538/event>

Dr. Shari Meyerson is an accomplished thoracic surgeon and nationally known educator, currently serving as Chief of Thoracic Surgery at the University of Kentucky HealthCare, while also providing surgical leadership to the thoracic oncology team at UK Markey Cancer Center.

Dr Meyerson earned her medical degree from the University of Chicago Pritzker School of Medicine in 1996. She completed a residency in general surgery at University of Chicago Hospitals and a fellowship in thoracic surgery at Duke University Medical Center.

Her primary clinical interest is in treating lung cancer patients with a focus on not only curing cancer but also maintaining excellent quality of life for her patients. She specializes in minimally invasive surgical techniques and has extensive experience performing and training other providers in video-assisted thoracic surgery. In addition to her expertise in caring for lung cancer patients, Dr Meyerson cares for patients with a wide range of thoracic conditions, including esophageal, mediastinal and pleural diseases.

Dr Meyerson’s academic focus is training surgical residents, and she is widely recognized for her innovation in surgical education. In 2015, she completed a Master of Education degree at the University of Cincinnati to enhance her skills as an educator. Her current work focuses on developing autonomy in surgical residents, teaching technical and cognitive skills, and enhancing career longevity among surgeons.

CME CREDIT PROVIDED BY

OVERALL SERIES

OBJECTIVES:

- 1.) Incorporate into practice intraoperative teaching and feedback to improve operative performance.
- 2.) Incorporate cutting-edge surgical techniques and patient management strategies.
- 3.) Incorporate into practice results from recent randomized-controlled trials/studies.
- 4.) Communicate operative knowledge effectively to peers.
