Neuroscience Grand Rounds

Wednesday, October 14, 2020
12:00 PM - 1:00 PM

"Can We Fix the Brain Like We Fix Electronic Circuits?"

Jin Hyung Lee, PhD
Associate Professor, Neurology & Neurological Sciences
Associate Professor, Bioengineering
Associate Professor, Neurosurgery
Associate Professor, Electrical Engineering (Courtesy)
Stanford University

Objectives:
1. Review how the brain works like an electronic circuit
2. Discuss how to measure brain circuit status
3. Discuss current research on mapping brain function
4. Identify future treatment of brain disorders

Accreditation Statement:
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME). Banner Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Banner Health designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement:
The speaker, Dr. Lee, has no commercial relationship relevant to this presentation. Dr. Chung, the planning director, and Joanna McAdam, coordinator, have no commercial relationship relevant to this activity. All Faculty, CME Planning Committee Members and CME Office Reviewers have disclosed that they have no financial relationships with commercial interests that would constitute a conflict of interest concerning this CME activity.
