Participants Needed

- Females 18 - 75 years old
- Attend a 1-hour clinical appointment to collect biological samples
- Complete questionnaires
- Participants will receive $50 for their contribution

We are seeking to enroll females without joint hypermobility as healthy controls. Participants will provide blood, urine, and two small skin samples, during a 60-minute clinical appointment, that will be used as control data for a larger study.

Please contact corinainfarmers@email.arizona.edu for further inquiry.

An Institutional Review Board responsible for human subjects research at The University of Arizona reviewed this research project and found it to be acceptable, according to applicable state and federal regulations and University policies designed to protect the rights and welfare of participants in research.
