CAMS code: 804691

Dr. Alberto Peña, a native of Mexico City, is a world-renown practicing pediatric surgeon, professor of surgery, author, editor, and speaker.

In 1982 he published an innovative approach for the treatment of anorectal malformations in children. In 2005 he founded, and became the director of, the Colorectal Center of Children at the Department of Surgery at Cincinnati Children's Hospital Medical Center as well as Professor of Surgery at the University of Cincinnati.

During his prolific career, Dr. Peña has published 5 books, 87 textbook chapters, 201 peer-reviewed scientific papers, and has been a guest speaker and visiting professor around the United States and the rest of the world 474 times.

Dr. Peña is grateful to have been honored by his peers throughout his career. He is the recipient of the William E. Ladd Medal (2008), the Coe Medal Award (2002), the Rehbein Medal (2015), the Robert E. Gross Award (1985), and he has received 16 honorary fellowships or memberships from surgical colleges and associations around the world.

OVERALL SERIES OBJECTIVES:

1.) Incorporate into practice intraoperative teaching and feedback to improve operative performance.
2.) Incorporate cutting-edge surgical techniques and patient management strategies.
3.) Incorporate into practice results from recent randomized-controlled trials/studies.
4.) Communicate operative knowledge effectively to peers.
