“TeleHealth Rehab is so much more than just video visits”
Monday, April 19, 2021 ~ 11:00 am PDT/2:00 pm EDT

Learning Objectives
1- Difference between telemedicine and video visits?
2- Why integration of telemedicine tools are important?
3- How telemedicine integration can decrease caregiver burnout?

Presenter:

Rhonda Taubin MD attended Tulane University for undergraduate and Emory University for her medical degree and residency. She practiced at the Shepherd Center in Atlanta, GA for more than 15 years with a specialty in Brain Injury Rehab. She began developing a Telehealth Rehab program at Shepherd and moved to Intermountain Healthcare in May 2020 as the TeleHealth Rehabilitation Program Medical Director. With the onslaught of Covid, Telehealth based Rehab Service has advanced exponentially and the Intermountain Healthcare Rehabilitation Team have big ideas for the future.
