

Telemedicine Training

TRACK 1: Telemedicine Applications

November 8, 2021 from 9:00 AM - 2:00 PM AZ time

To Register: www.telemedicine.arizona.edu

Course Content:

This conference covers advanced telemedicine topics through an in-depth look at real-world clinical applications of telemedicine and telehealth, including:

- Telepsychiatry
- Infectious Disease
- Teleradiology
- Telehealth and Physical Therapy
- Telehealth and Nursing

Who should attend?

This course is excellent for individuals or groups who have some telehealth experience and are interested in expanding their services. It is also a great course for those new to telehealth who are interested in gaining a deeper understanding of this growing industry.

Course Goals:

- To provide ongoing training for health care professionals involved or interested in clinical telemedicine and telehealth services.
- To promote improved public health in rural and urban communities by providing current telemedicine and telehealth information and training.
- To provide health care systems throughout Arizona and nationally with information, training, and expertise in telemedicine and telehealth application.

Outcome Objectives

1. Detect, diagnose, treat, and utilize telemedicine services for patients they are serving at a distance.
2. Create work plans for patients that will provide them the best and least expensive access to healthcare at a distance.
3. Partner with tele-physicians in creating interdisciplinary teams.

Accreditation / Credit Designation Statement

The University of Arizona College of Medicine - Tucson is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Arizona College of Medicine - Tucson designates this live activity for a maximum of 4.5 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
