

REGULATORY SCIENCE SPEAKER SERIES

Challenges of the Medical Device Innovation Ecosystem

Co-sponsored by:

International Society for Cardiovascular Translational Research (ISCTR) and the University of Arizona Health Law & Policy Program

Keynote Speaker: John Simpson, MD, PhD
Chair, Scientific & Medicine Alliance board

Panelist:

Spencer King III, MD
Chairman, New York State Cardiac Advisory Board

Anthony DeMaria, MD
Clinical Trialist & Educator

Tuesday, April 27th 12-1:00 PST Register: <https://bit.ly/3fQbkxr>

This virtual event introduces concepts in a new course we are offering this Summer 1 2021 in collaboration with ISCTR called, Translational Pathways for Medical Devices. There are a myriad of stakeholders and steps involved in the medical device ecosystem, which this virtual event will highlight via the experiences of our keynote speaker, John Simpson, MD, PhD, Chair, Scientific & Medicine Alliance board
